BHIMAVARAM INSTITUTE OF ENGINEERING & TECHNOLOGY

Swarnabharathi Educational Trust has established Bhimavaram Institute of Engineering and Technology in 2007 in Bhimavaram with the view to meet the growing demands for technical education in the country. The College is located in a serene and pollution free environment at Pennada 6 km from Bhimavaram on Palakol and Pamarru Road. The campus is spread over 20 acres of scenic landscape is an ideal place for educational pursuits. It is well connected by road & rail. The labs, class rooms, information centre etc are uniquely designed and built to endow the students a hassle free environment to pursue their intellectual development.

Bhimavaram Institute of Engineering & Technology is unaided - Private Institute Located at Bhimavaram in Andhra Pradesh. The Address Of The Institute Is Gnanananda Ashram Road Pennada (Village) Palakoderu Mandal, West Godavari. It Operates Under The Parent Organization Swarnabharathi Education Trust. The Institute Started Its First Course In 2007. Bhimavaram Institute Of Engineering & Technology Is Open For Both Men And Women. Bhimavaram Institute Of Engineering & Technology Is Open For All Sections Of Society. The vision of our institute is to be a leading institution of engineering education and research, preparing students for leadership in their fields in a caring and challenging learning environment. The Mission of the intuition is to attract and retain knowledgeable, creative, motivated and highly skilled individuals whose leadership and contributions uphold the college tenets of education, creativity, research and responsible public service.

ABOUT HOSTING DEPARTMENT

Bhimavaram Institute of Engineering & Technology was established in the year 2007. The Institution was started with five AICTE approved undergraduate programmes in Departments of Electrical and Electronics Engineering (EEE), Electronics and Communications Engineering (ECE), Computer Science and Engineering (CSE), Departments of Civil Engineering (CE), Mechanical Engineering (ME) with an overall intake of students 360. The Vision of this Institute is - to be a leading institution of engineering education and research, preparing students for leadership in their fields in a caring and challenging learning environment and the mission is to produce quality engineers by providing state-of-the-art engineering education. The Department of CSE was established in 2007 with an intake of 60 seats. Department mission is to make innovative thinking engineers and to produce skilled software engineers. The department of Computer Science and Engineering has progressed with a strong determination to developing competent programs, uncompromising in standards. The department has full-fledged faculty members with experience in industry and teaching, which leads the students to get employment in the market. The department encourages the faculty members and the students to participate paper presentations, seminars, workshops and National and International conferences.

OBJECTIVE OF FDP

The Objective of the FDP is to provide the industry relevance exposure in the emerging technologies and experience the staff to develop their curriculum to teach and demonstrate in regular intervals. This FDP provides the wide range of experience in the IT and Non-IT industry. This workshop provides the confident in the PG Research scholars and professional teachers to enable their experience in wide range areas of proposed title. The FDP proposed that this FDP is the bridge between our esteemed educational institution and industry.

RESOURCE PERSONS OF THE PROGARM

Objectives of FDP:

- Sustain all loads and deform within limits for Construction and use.
- Should be durable.
- Should be Economical.

Outcomes of FDP:

- Solve Engineering Problems of RC Elements subjected to Flexure, shear and torsion.
- Own Professional and Ethical Responsibility.
- Demonstrate the Procedural Knowledge in Designs of RC Structural Elements such as Slabs, Columns and footings.

Conclusion:

Future Earthquake damage can be greatly reduced by identifying and improving or removing most vulnerable and dangerous structures. Results of the structural analysis of representative buildings located in Chilpancingo city, Mexico, show that their structural strength doesn't accomplish actual prescription of the local construction code. Shear stresses developed on masonry walls are greater than the masonry shear strength and roof displacements are higher than the allowed ones prescribed by the local code in most of the analyzed buildings. Therefore, rehabilitation and reinforcing tasks have an extremely importance in order to obtain an adequate seismic performance in these buildings.

Bhimavaram Institute of Engineering & Technology was established in the year 2007. The Institution was started with five AICTE approved undergraduate programmes in Departments of Electrical and Electronics Engineering (EEE), Electronics and Communications Engineering (ECE), Computer Science and Engineering (CSE), Departments of Civil Engineering (CE), Mechanical Engineering (ME) with an overall intake of students 360. The Vision of this Institute is - to be a leading institution of engineering education and research, preparing students for leadership in their fields in a caring and challenging learning environment and the mission is to produce quality engineers by providing state-of-the-art engineering education. The Department of ME was established in 2012 with an intake of 60 seats. Department mission is to make innovative thinking engineers and to produce skilled design engineers. The department of Mechanical Engineering has progressed with a strong determination to developing competent designs, uncompromising in standards. The department has full-fledged faculty members with experience in industry and teaching, which leads the students to get employment in the market. The department encourages the faculty members and the students to participate paper presentations, seminars, workshops and National and International conferences.

OBJECTIVE OF FDP

The Objective of the FDP is to provide the industry relevance exposure in the emerging technologies and experience the staff to develop their curriculum to teach and demonstrate in regular intervals. This FDP provides the wide range of experience in Design and Structural industry. This workshop provides the confident in the PG Research scholars and professional teachers to enable their experience in wide range areas of proposed title. The FDP proposed that this FDP is the bridge between our esteemed educational institution and industry.

PROGRAM REPORT

Date: 26.07.2019

Name of the Program: A One Week FDP Program on the “CNC Machine using Arduino”.

Duration: 16-07-2019 to 22-07-2019.

Venue: Seminar Hall, Academic Block

Resource Person's:

Objectives of FDP:

- CNC stands for Computerized Numerical Control. CNC Machining is about automating the machine tool operations for more precision and ease in manufacturing.
- In this project you will build a fully functional 3 axis CNC machine using Arduino which can perform manufacturing operations like drilling, milling and cutting.
- The tool will be operated with the help of G Codes and Arduino interfacing.

Outcomes of FDP:

- Learn about CNC and its programming
- Build your CNC machine which can cut, drill and mill
- Work with Arduino shield and stepper motors
- Simulate tool movements programs using software
- Learn and implement G Codes
- Cut your own shape using your CNC machine

www.bietbvrn.ac.in

Conclusion:

By attending this faculty development program, your faculties will learn the concepts behind the CNC machining and fabricate a fully functional 3 axis CNC machine that uses Arduino programming to perform actions like drilling, milling and cutting. With such good hands-on experience, they can learn all the concepts needed and in turn can teach students to build their own CNC machine.

BHIMAVARAM INSTITUTE OF ENGINEERING & TECHNOLOGY

Swarnabharathi Educational Trust has established Bhimavaram Institute of Engineering and Technology in 2007 in Bhimavaram with the view to meet the growing demands for technical education in the country. The College is located in a serene and pollution free environment at Pennada 6 km from Bhimavaram on Palakol and Pamarru Road. The campus is spread over 20 acres of scenic landscape is an ideal place for educational pursuits. It is well connected by road & rail. The labs, class rooms, information centre etc are uniquely designed and built to endow the students a hassle free environment to pursue their intellectual development.

Bhimavaram Institute of Engineering & Technology is unaided - Private Institute Located at Bhimavaram in Andhra Pradesh. The Address Of The Institute Is Gnanananda Ashram Road Pennada (Village) Palakoderu Mandal, West Godavari. It Operates Under The Parent Organization Swarnabharathi Education Trust. The Institute Started Its First Course In 2007. Bhimavaram Institute Of Engineering & Technology Is Open For Both Men And Women. Bhimavaram Institute Of Engineering & Technology Is Open For All Sections Of Society. The vision of our institute is to be a leading institution of engineering education and research, preparing students for leadership in their fields in a caring and challenging learning environment. The Mission of the intuition is to attract and retain knowledgeable, creative, motivated and highly skilled individuals whose leadership and contributions uphold the college tenets of education. creativity, research

ABOUT HOSTING DEPARTMENT

PROGRAM REPORT

Date: 16.07.2019

Name of the Program: A One Week FDP Program on the “Power Electronics Applications in Smart Grid, Electric Vehicles and Renewable Energy”

Duration: 09.07.2019 to 15.07.2019

Venue: Seminar Hall, Academic Block

Resource Person's:

1).Dr. Y.Rajendra Babu

Department of EEE

Potti Sri Ramulu Chalavadi Mallikarjunarao College of Engineering & Technology
Vijayawada.

2).Mr. A .Sekhar Sunil

Department of EEE

Potti Sri Ramulu Chalavadi Mallikarjunarao College of Engineering & Technology
Vijayawada.

Program Coordinator:

Mr. G.Venkata Subbarao, Assistant Professor, Department of EEE

Objectives of FDP:

- Overview of power converters for systems using renewable energy.
- The electrical systems in electric vehicles.
- Advancements in Electric Drives and Control for EVs
- Create switched-mode power converter designs for EV and RE systems.
- Offer practical experience with real-time control methods used in RE and EV systems.
- Practice using simulations for power converters and renewable energy integration.
- V2G and G2V systems and problems
- EVs with High Bright LED lighting systems.

Outcomes of FDP:

The FDP is intended to facilitate the faculty to enhance the Knowledge on and advanced information on Electrical Vehicles, advanced electrical drives and control,V2G and G2V applications etc

BHIMAVARAM INSTITUTE OF ENGINEERING & TECHNOLOGY

Swarnabharathi Educational Trust has established Bhimavaram Institute of Engineering and Technology in 2007 in Bhimavaram with the view to meet the growing demands for technical education in the country. The College is located in a serene and pollution free environment at Pennada 6 km from Bhimavaram on Palakol and Pamarru Road. The campus is spread over 20 acres of scenic landscape is an ideal place for educational pursuits. It is well connected by road & rail. The labs, class rooms, information centre etc are uniquely designed and built to endow the students a hassle free environment to pursue their intellectual development.

Bhimavaram Institute of Engineering & Technology is unaided - Private Institute Located at Bhimavaram in Andhra Pradesh. The Address Of The Institute Is Gnanananda Ashram Road Pennada (Village) Palakoderu Mandal, West Godavari. It Operates Under The Parent Organization Swarnabharathi Education Trust. The Institute Started Its First Course In 2007. Bhimavaram Institute Of Engineering & Technology Is Open For Both Men And Women.

Bhimavaram Institute Of Engineering & Technology Is Open For All Sections Of Society. The vision of our institute is to be a leading institution of engineering education and research, preparing students for leadership in their fields in a caring and challenging learning environment. The Mission of the intuition is to attract and retain knowledgeable, creative, motivated and highly skilled individuals whose leadership and contributions uphold the college tenets of education, creativity, research and responsible public service.

ABOUT HOSTING DEPARTMENT

Bhimavaram Institute of Engineering & Technology was established in the year 2007. The Institution was started with five AICTE approved undergraduate programmes in Departments of Electrical and Electronics Engineering (EEE), Electronics and Communications Engineering (ECE), Computer Science and Engineering (CSE), Departments of Civil Engineering (CE), Mechanical Engineering (ME) with an overall intake of students 360. The Vision of this Institute is - to be a leading institution of engineering education and research, preparing students for leadership in their fields in a caring and challenging learning environment and the mission is to produce quality engineers by providing state-of-the-art engineering education.

OBJECTIVE OF FDP

The Objective of the FDP is to provide the industry relevance exposure in the emerging technologies and experience the staff to develop their curriculum to teach and demonstrate in regular intervals. This FDP provides the wide range of experience in the IT and Non-IT industry. This workshop provides the confident in the PG Research scholars and professional teachers to enable their experience in wide range areas of proposed title. The FDP proposed that this FDP is the bridge between our esteemed educational institution and industry.

RESOURCE PERSONS OF THE PROGRAM

The resource persons are from eminent personalities from the industry who are able to conducting the FDP in industry oriented manner.

Objectives of FDP:

- Engineering colleges have always included ethics courses in their programs, but across the country new or expanded ethics programs are being introduced.
- Today, we are seeing concentrated efforts to introduce an increasing number of innovative and in-depth ethics courses and programs into engineering education at both the undergraduate and graduate levels.
- Creating a sustainable future will require training engineers differently, with ethics as a cornerstone.

Outcomes of FDP:

- Naturally, ethics education extends beyond faculty degrees.
- As technologies change, engineers in the field are faced with novel ethical dilemmas.
- The resource person had excellently incorporated the essential ethics to be taught to the future budding engineering technocrats.

ABOUT HOSTING DEPARTMENT

Bhimavaram Institute of Engineering & Technology was established in the year 2007. The Institution was started with five AICTE approved undergraduate programmes in Departments of Electrical and Electronics Engineering (EEE), Electronics and Communications Engineering (ECE), Computer Science and Engineering (CSE), Departments of Civil Engineering (CE), Mechanical Engineering (ME) with an overall intake of students 360. The Vision of this Institute is - to be a leading institution of engineering education and research, preparing students for leadership in their fields in a caring and challenging learning environment and the mission is to produce quality engineers by providing state-of-the-art engineering education. The Department of CSE was established in 2007 with an intake of 60 seats. Department mission is to make innovative thinking engineers and to produce skilled software engineers. The department of Computer Science and Engineering has progressed with a strong determination to developing competent programs, uncompromising in standards. The department has full-fledged faculty members with experience in industry and teaching, which leads the students to get employment in the market. The department encourages the faculty members and the students to participate paper presentations, seminars, workshops and National and International conferences.

Swarnabharathi Educational Trust has established Bhimavaram Institute of Engineering and Technology in 2007 in Bhimavaram with the view to meet the growing demands for technical education in the country. The College is located in a serene and pollution free environment at Pennada 6 km from Bhimavaram on Palakol and Pamarru Road. The campus is spread over 20 acres of scenic landscape is an ideal place for educational pursuits. It is well connected by road & rail. The labs, class rooms, information centre etc are uniquely designed and built to endow the students a hassle free environment to pursue their intellectual development.

Bhimavaram Institute of Engineering & Technology is unaided - Private Institute Located at Bhimavaram in Andhra Pradesh. The Address Of The Institute Is Gnanananda Ashram Road Pennada (Village) Palakoderu Mandal, West Godavari. It Operates Under The Parent Organization Swarnabharathi Education Trust. The Institute Started Its First Course In 2007. Bhimavaram Institute Of Engineering & Technology Is Open For Both Men And Women. Bhimavaram Institute Of Engineering & Technology Is Open For All Sections Of Society. The vision of our institute is to be a leading institution of engineering education and research, preparing students for leadership in their fields in a caring and challenging learning environment. The Mission of the intuition is to attract and retain knowledgeable, creative, motivated and highly skilled individuals whose leadership and contributions uphold the college tenets of education, creativity, research and responsible public service.

ABOUT HOSTING DEPARTMENT

Bhimavaram Institute of Engineering & Technology was established in the year 2007. The Institution was started with five AICTE approved undergraduate programmes in Departments of Electrical and Electronics Engineering (EEE), Electronics and Communications Engineering (ECE), Computer Science and Engineering (CSE), Departments of Civil Engineering (CE), Mechanical Engineering (ME) with an overall intake of students 360. The Vision of this Institute is - to be a leading institution of engineering education and research, preparing students for leadership in their fields in a caring and challenging learning environment and the mission is to produce quality engineers by providing state-of-the-art engineering education.

OBJECTIVE OF FDP

The Objective of the FDP is to provide the industry relevance exposure in the emerging technologies and experience the staff to develop their curriculum to teach and demonstrate in regular intervals. This FDP provides the wide range of experience in the IT and Non-IT industry. This workshop provides the confident in the PG Research scholars and professional teachers to enable their experience in wide range areas of proposed title. The FDP proposed that this FDP is the bridge between our esteemed educational institution and industry.

RESOURCE PERSONS OF THE PROGRAM

The resource persons are from eminent personalities from the industry who are able to conducting the FDP in industry oriented manner.
