Program Coordinator:

Mr. P.Harish, Assistant Professor, Department of MECH

Objectives of FDP:

- UAV's are now becoming more popular as much as robotics and this is mainly due to the varied applications that it offers to the industries.
- And a lot of industries have already started investing a lot of money on this innovative technology to develop solutions to carry out their operations efficiently.
- By doing this faculty development program, your faculties will get a good hands on experience on building UAV projects.
- As designing and fabricating a UAV is very complicated, getting expert assistance is recommended to learn this amazing technology.

Outcomes of FDP:

- Introduction to Rotary-wing aircraft.
- Introduction to design and development of Multi Rotor Vehicles.
- Understanding the Electronics circuitry involved in Quad rotor.
- Learning about the working of accelerometer sensors, gyroscopes and controllers.
- Hands-on experience for participants with DC motors, electronic speed controllers and

BHIMAVARAM INSTITUTE OF ENGINEERING & TECHNOLOGY

Swarnabharathi Educational Trust has established Bhimavaram Institute of Engineering and Technology in 2007 in Bhimavaram with the view to meet the growing demands for technical education in the country. The College is located in a serene and pollution free environment at Pennada 6 km from Bhimavaram on Palakol and Pamarru Road. The campus is spread over 20 acres of scenic landscape is an ideal place for educational pursuits. It is well connected by road & rail. The labs, class rooms, information centre etc are uniquely designed and built to endow the students a hassle free environment to pursue their intellectual development.

Bhimavaram Institute of Engineering & Technology is unaided - Private Institute Located at Bhimavaram in Andhra Pradesh. The Address Of The Institute Is Gnanananda Ashram Road Pennada (Village) Palakoderu Mandal, West Godavari. It Operates Under The Parent Organization Swarnabharathi Education Trust. The Institute Started Its First Course In 2007. Bhimavaram Institute Of Engineering & Technology Is Open For Both Men And Women. Bhimavaram Institute Of Engineering & Technology Is Open For All Sections Of Society. The vision of our institute is to be a leading institution of engineering education and research, preparing students for leadership in their fields in a caring and challenging learning environment. The Mission of the intuition is to attract and retain knowledgeable, creative, motivated and highly skilled individuals whose leadership and contributions uphold the college tenets of education, creativity, research and responsible public service.

ABOUT HOSTING DEPARTMENT

Bhimavaram Institute of Engineering & Technology was established in the year 2007. The Institution was started with five AICTE approved undergraduate programmes in Departments of Electrical and Electronics Engineering (EEE), Electronics and Communications Engineering (ECE), Computer Science and Engineering (CSE), Departments of Civil Engineering (CE), Mechanical Engineering (ME) with an overall intake of students 360. The Vision of this Institute is - to be a leading institution of engineering education and research, preparing students for leadership in their fields in a caring and challenging learning environment and the mission is to produce quality engineers by providing state-of-the-art engineering education. The Department of ME was established in 2012 with an intake of 60 seats. Department mission is to make innovative thinking engineers and to produce skilled design engineers. The department of Mechanical Engineering has progressed with a strong determination to developing competent designs, uncompromising in standards. The department has full-fledged faculty members with experience in industry and teaching, which leads the students to get employment in the market. The department encourages the faculty members and the students to participate paper presentations, seminars, workshops and National and International conferences.

OBJECTIVE OF FDP

The Objective of the FDP is to provide the industry relevance exposure in the emerging technologies and experience the staff to develop their curriculum to teach and demonstrate in regular intervals. This FDP provides the wide range of experience in Design and Manufacturing industry. This workshop provides the confident in the PG Research scholars and professional teachers to enable their experience in wide range areas of proposed title. The FDP proposed that this FDP is the bridge between our esteemed educational institution and industry.

RESOURCE PERSONS OF THE PROGRAM

The resource persons are from eminent personalities from the industry who are able to conducting the FDP in industry oriented manner.

Objectives of FDP:

- This faculty development program will give a great opportunity to learn about knowledge progression and enhancement. The main aims of Faculty Development Program are
- To spread information on fundamental laws, electrical circuit theorems, and Electric wiring.
- To describe the working principles of electrical machines, various electronic equipment, operation of measurement instruments and transducers.
- To get familiar with the fundamental principles, theories, and analyses governing electrical circuits.

Outcomes of FDP:

The Faculty Development Program is intended to facilitate the Faculty to enhance the Knowledge on and advanced information on Electrical Circuits, Electrical Machines, Electrical and Electronics Instruments and transducer.

Swarnabharathi Educational Trust has established Bhimavaram Institute of Engineering and Technology in 2007 in Bhimavaram with the view to meet the growing demands for technical education in the country. The College is located in a serene and pollution free environment at Pennada 6 km from Bhimavaram on Palakol and Pamarru Road. The campus is spread over 20 acres of scenic landscape is an ideal place for educational pursuits. It is well connected by road & rail. The labs, class rooms, information centre etc are uniquely designed and built to endow the students a hassle free environment to pursue their intellectual development.

Bhimavaram Institute of Engineering & Technology is unaided - Private Institute Located at Bhimavaram in Andhra Pradesh. The Address Of The Institute Is Gnanananda Ashram Road Pennada (Village) Palakoderu Mandal, West Godavari. It Operates Under The Parent Organization Swarnabharathi Education Trust. The Institute Started Its First Course In 2007. Bhimavaram Institute Of Engineering & Technology Is Open For Both Men And Women. Bhimavaram Institute Of Engineering & Technology Is Open For All Sections Of Society. The vision of our institute is to be a leading institution of engineering education and research, preparing students for leadership in their fields in a caring and challenging learning environment. The Mission of the intuition is to attract and retain knowledgeable, creative, motivated and highly skilled individuals whose leadership and contributions uphold the college tenets of education, creativity, research and responsible public service.

ABOUT HOSTING DEPARTMENT

Bhimavaram Institute of Engineering & Technology was established in the year 2007. The Institution was started with five AICTE approved undergraduate programmes in Departments of Electrical and Electronics Engineering (EEE), Electronics and Communications Engineering (ECE), Computer Science and Engineering (CSE), Departments of Civil Engineering (CE), Mechanical Engineering (ME) with an overall intake of students 360. The Vision of this Institute is - to be a leading institution of engineering education and research, preparing students for leadership in their fields in a caring and challenging learning environment and the mission is to produce quality engineers by providing state-of-the-art engineering education. The Department of CSE was established in 2007 with an intake of 60 seats. Department mission is to make innovative thinking engineers and to produce skilled software engineers. The department of Computer Science and Engineering has progressed with a strong determination to developing competent programs, uncompromising in standards. The department has full-fledged faculty members with experience in industry and teaching, which leads the students to get employment in the market. The department encourages the faculty members and the students to participate paper presentations, seminars, workshops and National and International conferences.

OBJECTIVE OF FDP

The Objective of the FDP is to provide the industry relevance exposure in the emerging technologies and experience the staff to develop their curriculum to teach and demonstrate in regular intervals. This FDP provides the wide range of experience in the IT and Non-IT industry. This workshop provides the confident in the PG Research scholars and professional teachers to enable their experience in wide range areas of proposed title. The FDP proposed that this FDP is the bridge between our esteemed educational institution and industry.

RESOURCE PERSONS OF THE PROGRAM

The resource persons are from eminent personalities from the industry who are able to conducting the FDP in industry oriented manner.

Objectives of FDP:

- The main aim is to develop primary resources of land and water
- To produce secondary resources of plants and animals for use in a manner.

Outcomes of FDP:

- The outcomes are prevention of soil run-off, regeneration of natural vegetables, rainwater, harvesting and recharging of the ground water table.
- This enables multi-cropping and the introduction of diverse agro based activities.

BHIMAVARAM INSTITUTE OF ENGINEERING & TECHNOLOGY

Swarnabharathi Educational Trust has established Bhimavaram Institute of Engineering and Technology in 2007 in Bhimavaram with the view to meet the growing demands for technical education in the country. The College is located in a serene and pollution free environment at Pennada 6 km from Bhimavaram on Palakol and Pamarru Road. The campus is spread over 20 acres of scenic landscape is an ideal place for educational pursuits. It is well connected by road & rail. The labs, class rooms, information centre etc are uniquely designed and built to endow the students a hassle free environment to pursue their intellectual development.

Bhimavaram Institute of Engineering & Technology is unaided - Private Institute Located at Bhimavaram in Andhra Pradesh. The Address Of The Institute Is Gnanananda Ashram Road Pennada (Village) Palakoderu Mandal, West Godavari. It Operates Under The Parent Organization Swarnabharathi Education Trust. The Institute Started Its First Course In 2007. Bhimavaram Institute Of Engineering & Technology Is Open For Both Men And Women. Bhimavaram Institute Of Engineering & Technology Is Open For All Sections Of Society. The vision of our institute is to be a leading institution of engineering education and research, preparing students for leadership in their fields in a caring and challenging learning environment. The Mission of the intuition is to attract and retain knowledgeable, creative, motivated and highly skilled individuals whose leadership and contributions uphold the college tenets of education, creativity, research and responsible public service.

ABOUT HOSTING DEPARTMENT

Bhimavaram Institute of Engineering & Technology was established in the year 2007. The Institution was started with five AICTE approved undergraduate programmes in Departments of Electrical and Electronics Engineering (EEE), Electronics and Communications Engineering (ECE), Computer Science and Engineering (CSE), Departments of Civil Engineering (CE), Mechanical Engineering (ME) with an overall intake of students 360. The Vision of this Institute is - to be a leading institution of engineering education and research, preparing students for leadership in their fields in a caring and challenging learning environment and the mission is to produce quality engineers by providing state-of-the-art engineering education. The Department of ME was established in 2012 with an intake of 60 seats. Department mission is to make innovative thinking engineers and to produce skilled design engineers. The department of Mechanical Engineering has progressed with a strong determination to developing competent designs, uncompromising in standards. The department has full-fledged faculty members with experience in industry and teaching, which leads the students to get employment in the market. The department encourages the faculty members and the students to participate paper presentations, seminars, workshops and National and International conferences.

OBJECTIVE OF FDP

The Objective of the FDP is to provide the industry relevance exposure in the emerging technologies and experience the staff to develop their curriculum to teach and demonstrate in regular intervals. This FDP provides the wide range of experience in Design and Structural industry. This workshop provides the confident in the PG Research scholars and professional teachers to enable their experience in wide range areas of proposed title. The FDP proposed that this FDP is the bridge between our esteemed educational institution and industry.

Objectives of FDP:

- Best Practices for effective Teaching includes the following objectives.
- Keep it simple.
- Feedback and assessment are as important as ever.
- Stay in regular contact.
- Be flexible.
- Encourage learning from experience.
- Integrate technology into the classroom.
- Work as a team.

Outcomes of FDP:

- Adhering to the objectives the facilitator shared many teaching strategies that work for any classroom, no matter what the age of the students or the subject.
- When a lecturer implements a combination of effective teaching strategies, their students have more opportunities to perform better in class. There are many different approaches taught by the resource person, can use in our classroom. Which ones will work best depends on your and our students' preferences, as well as our schedule.

BHIMAVARAM INSTITUTE OF ENGINEERING & TECHNOLOGY

Swarnabharathi Educational Trust has established Bhimavaram Institute of Engineering and Technology in 2007 in Bhimavaram with the view to meet the growing demands for technical education in the country. The College is located in a serene and pollution free environment at Pennada 6 km from Bhimavaram on Palakol and Pamarru Road. The campus is spread over 20 acres of scenic landscape is an ideal place for educational pursuits. It is well connected by road & rail. The labs, class rooms, information centre etc are uniquely designed and built to endow the students a hassle free environment to pursue their intellectual development.

Bhimavaram Institute of Engineering & Technology is unaided - Private Institute Located at Bhimavaram in Andhra Pradesh. The Address Of The Institute Is Gnanananda Ashram Road Pennada (Village) Palakoderu Mandal, West Godavari. It Operates Under The Parent Organization Swarnabharathi Education Trust. The Institute Started Its First Course In 2007. Bhimavaram Institute Of Engineering & Technology Is Open For Both Men And Women. Bhimavaram Institute Of Engineering & Technology Is Open For All Sections Of Society. The vision of our institute is to be a leading institution of engineering education and research, preparing students for leadership in their fields in a caring and challenging learning environment. The Mission of the intuition is to attract and retain knowledgeable, creative, motivated and highly skilled individuals whose leadership and contributions uphold the college tenets of education, creativity, research and responsible public service.

ABOUT HOSTING DEPARTMENT

Bhimavaram Institute of Engineering & Technology was established in the year 2007. The Institution was started with five AICTE approved undergraduate programmes in Departments of Electrical and Electronics Engineering (EEE), Electronics and Communications Engineering (ECE), Computer Science and Engineering (CSE), Departments of Civil Engineering (CE), Mechanical Engineering (ME) with an overall intake of students 360. The Vision of this Institute is – to be a leading institution of engineering education and research, preparing students for leadership in their fields in a caring and challenging learning environment and the mission is to produce quality engineers by providing state-of-the-art engineering education.

OBJECTIVE OF FDP

The Objective of the FDP is to provide the industry relevance exposure in the emerging technologies and experience the staff to develop their curriculum to teach and demonstrate in regular intervals. This FDP provides the wide range of experience in the IT and Non-IT industry. This workshop provides the confident in the PG Research scholars and professional teachers to enable their experience in wide range areas of proposed title. The FDP proposed that this FDP is the bridge between our esteemed educational institution and industry.

RESOURCE PERSONS OF THE PROGRAM

The resource persons are from eminent personalities from the industry who are able to conducting the FDP in industry oriented manner.

RESOURCE PERSON-1

Mrs. D.Sridevi

Objectives of FDP:

- 3D Printing is an Additive Manufacturing technique that creates a physical object from a virtual 3D CAD model by depositing successive layers of material.
- They work like the traditional inkjet printers, but instead of ink, a 3D printer deposits desired material to manufacture an object from its digital format.
- 3D printing and rapid prototyping, in general, are widely claimed to have revolutionized not only the manufacturing industry but also many other walks of life like medicine, aerospace and automotive industry.
- This program on 3D Printing helps the participants understand the design, functioning and operation of a basic 3D Printer.

Outcomes of FDP:

- Learn about the materials, designing of CAD models, working of a 3D Printer
- Understand how to build and calibrate a 3D printer
- Understand the basics of G code generation
- The participants will get 3D printed models that they design

BHIMAVARAM INSTITUTE OF ENGINEERING & TECHNOLOGY

(Approved by AICTE, New Delhi Affiliated to JNTUK Kakinada)

Swarnabharathi Educational Trust has established Bhimavaram Institute of Engineering and Technology in 2007 in Bhimavaram with the view to meet the growing demands for technical education in the country. The College is located in a serene and pollution free environment at Pennada 6 km from Bhimavaram on Palakol and Pamarru Road. The campus is spread over 20 acres of scenic landscape is an ideal place for educational pursuits. It is well connected by road & rail. The labs, class rooms, information centre etc are uniquely designed and built to endow the students a hassle free environment to pursue their intellectual development.

Bhimavaram Institute of Engineering & Technology is unaided - Private Institute Located at Bhimavaram in Andhra Pradesh. The Address Of The Institute Is Gnanananda Ashram Road Pennada (Village) Palakoderu Mandal, West Godavari. It Operates Under The Parent Organization Swarnabharathi Education Trust. The Institute Started Its First Course In 2007. Bhimavaram Institute Of Engineering & Technology Is Open For Both Men And Women. Bhimavaram Institute Of Engineering & Technology Is Open For All Sections Of Society. The vision of our institute is to be a leading institution of engineering education and research, preparing students for leadership in their fields in a caring and challenging learning environment. The Mission of the intuition is to attract and retain knowledgeable, creative, motivated and highly skilled individuals whose leadership and contributions uphold the college tenets of education, creativity, research and responsible public service.

ABOUT HOSTING DEPARTMENT

Bhimavaram Institute of Engineering & Technology was established in the year 2007. The Institution was started with five AICTE approved undergraduate programmes in Departments of Electrical and Electronics Engineering (EEE), Electronics and Communications Engineering (ECE), Computer Science and Engineering (CSE), Departments of Civil Engineering (CE), Mechanical Engineering (ME) with an overall intake of students 360. The Vision of this Institute is - to be a leading institution of engineering education and research, preparing students for leadership in their fields in a caring and challenging learning environment and the mission is to produce quality engineers by providing state-of-the-art engineering education. The Department of ME was established in 2012 with an intake of 60 seats. Department mission is to make innovative thinking engineers and to produce skilled design engineers. The department of Mechanical Engineering has progressed with a strong determination to developing competent designs, uncompromising in standards. The department has full-fledged faculty members with experience in industry and teaching, which leads the students to get employment in the market. The department encourages the faculty members and the students to participate paper presentations, seminars, workshops and National and International conferences.

OBJECTIVE OF FDP

The Objective of the FDP is to provide the industry relevance exposure in the emerging technologies and experience the staff to develop their curriculum to teach and demonstrate in regular intervals. This FDP provides the wide range of experience in Design and Manufacturing industry. This workshop provides the confident in the PG Research scholars and professional teachers to enable their experience in wide range areas of proposed title. The FDP proposed that this FDP is the bridge between our esteemed educational institution and industry.

RESOURCE PERSONS OF THE PROGRAM

The resource persons are from eminent personalities from the industry who are able to conducting the FDP in industry oriented manner.

RESOURCE PERSON-1

Dr. R Lalith Narayana

Swarnandhra College of Engineering and Technology
Narsapuram

RESOURCE PERSON-2

Mr. G Md Javeed Basha

St.Johns College of Engineering & Technology

ELIGIBILITY

The Program is open to all the Teachers and PG Research Scholars of AICTE Affiliated colleges

Program Coordinator:

Mr. P.V.V.Rajesh, Assistant Professor, Department of ECE

Objectives of FDP:

- To understand digital image fundamentals.
- To learn simple image processing techniques.
- To be familiar with image compression and segmentation techniques.
- To provide an opportunity for academicians and researchers to learn, enrich, and enhance their knowledge with hands-on deployment skills in order to develop various image processing techniques. This program will provide opportunities for researchers and faculty to interact on cutting edge technologies in image processing with their applications.

Outcomes of FDP:

- Participants will be able to understand the fundamentals of image processing.
- Implement image processing techniques using MATLAB.
- Recognize research problems in the field of image processing.
