Ref: 1 Guidelines issued by the UGC to ban single-use plastics on the campus

2. AICTE Guidelines for Ban of Plastic use in Higher Education Institutions 29-08-2019

Sub: Ban on Single use plastic on Bhimavaram Institute of Engineering & Technology

The Plastic waste has emerged as one the highest environmental concerns adversely impacting the soil water, health and wellbeing of citizens at large. The limited water disposal systems have become a challenge to dispose of plastic waste materials especially the single use Plastic.

For reduce the usage of Plastic, the University Grants Commission (UGC) has issued special guidelines to all the higher education institutions to impose ban on Single Use Plastic on the campus.

Accordingly, it is hereby circulated for information of all concerned that the management of BIET has decided to take the following steps to put ban on Single use Plastic.

1. To ban on use of Plastic in Canteen, Campus Premises, Hostels,
2. To strive to make the campus plastic-free by systematically banning use of Plastics and replacing the same with suitable environmental friendly substitutes.
3. To carry out awareness drives and sensitization workshops on the harmful impact of Single use Plastics by the NSS unit of the college, in neighboring villages.
4. To mandate all the students/staff members to avoid bringing non bio-degradable plastic items on the campus.
5. To avoid the use of Plastic water bottles, bags and encourage use of alternative solutions like cloth bags, paper bags etc.
6. To keep signboards at various places to give wide publicity to ban on use of Plastic/Polythene covers on the campus.

UNIVERSITY GRANTS COMMISSION

“Swachhata Hi Sewa Campaign”

UGC Guidelines for Ban of Plastic Use in Higher Education Institutions

Whereas plastic waste has emerged as one the biggest environmental concerns adversely impacting the soil, water, health and well-being of citizens at large;

Whereas excess-consumption of plastic combined with limited waste disposal systems has become a challenge to the urban waste disposal systems, and has choked the rivers and water systems in rural area;

Whereas the time has come for a systematic campaign to reduce the usage of plastic especially the single use plastic;

Whereas the Government has decided to take plastic ban as a national level campaign to address the environmental hazards being and bring attitudinal changes that shun use of plastics; and

Whereas the educational institutions have the unique spread and influence to educate the students and households on the need for avoiding usage of plastics;

University Grants Commission hereby issues the following guidelines for all the higher educational institutions in the country;

Guidelines

1. Scope of guidelines:

- (a) These guidelines are applicable to all the higher education institutions (HEIs) in the country.
 - (b) They encourage HEIs (Universities and Colleges) to adopt policies and practices towards cleaner and plastic free campuses.
2. All the HEIs in the country shall strive to make their campuses ‘plastic-free’ by systematically banning use of plastics and replacing the same with suitable environmental friendly substitutes.
3. Every HEI shall:
- (a) Ban use of single-use plastics in canteens, shopping complexes in the institution’s premises and hostels etc.,
 - (b) Carry out awareness drives and sensitization workshops on the harmful impacts of single use plastics.
 - (c) Mandate all students to avoid bringing on-bio-degradable plastic items to the institution.

- (d) Encourage their students to sensitize their respective households about harmful effects of plastics and make their households 'plastic free'.
 - (e) Install necessary alternative facilities like water units to avoid the use of plastic water bottles, and encourage use of alternative solutions like cloth bags, paper bags etc., instead of plastic bottles, bags, covers and other goods on campuses.
4. All HEIs which have adopted villages under Unnat Bharat Abhiyan shall undertake a campaign in their adopted villages till they are converted into 'plastic-free villages' through promoting awareness and encouraging shift to alternative products.

Government of India

Ministry of Human Resource Development

Guidelines for Ban of Plastic Use in Higher Education Institutions

Introduction

Plastic pollution is currently one of the biggest environmental concerns. The short-term benefits and convenience of plastic and plastic goods have led to a boom in the production and consumption of plastic. Over the past century, excess-consumption of plastic has surpassed management of plastic waste and led it to become a scourge to the planet. Plastic is a menace that impacts not the environment as well as our health and wellbeing. We have all contributed to this problem, knowingly and unknowingly and we must work to reduce and eliminate plastic pollution.

Government has decided to take plastic ban as a national level campaign to address the environment hazards being caused by the indiscriminate use of plastic. Educational Institutions must lead this nation-wide endeavour. There is a need for educational institutions to actively contribute to the effort of banning the use of single use plastics.

Guidelines

This guideline intends to help Indian HEIs to achieve plastic free campus. It is not meant to be exhaustive but to provide directions and tips which shall be applicable to all Institutions in general. The guidelines encourage universities to adopt policies and practices towards cleaner and plastic free campuses.

- All Institutions to carry out awareness drives and sensitizing workshops on the harmful impacts of single use plastics.
- Ensure plastic-free campuses in the Institutions, students and faculty must work towards this in mission mode. Usage of plastics should be stopped in canteens, shopping complexes in the Institution's premises and hostels, etc. Students may not be permitted to bring non-bio-degradable plastic items to the Institution.
- Every student will strive to make his/her household plastic free.
- Students to be incentivized to carry out similar campaigns at community level.
- Installation of necessary alternative facilities like water units to avoid the purchase and use of plastic water bottles.
- Ensure presence of alternative solutions like cloth bags etc., to plastic bottles, covers and other goods on campuses.
- Conducting events and poster competitions etc., on designing ecological and environment friendly goods to minimize the use of single use plastic.
