7.3.1 INSTITUTIONAL DISTINCTIVENESS:

The vision of the college is strive to be a globally model Institution all set for taking 'lead-role' in grooming the younger generation socially responsible and professionally competent to face the challenges ahead. In the process of attaining the vision, short term and long term strategic plans have been drawn. Emphasize is being given to initiate various quality measures such as augmentation of infrastructure, quality of faculty members, increase in need based new programs, quality certification, interaction with other institutions, placement and emerge as an institute of excellence on par with other reputed institutions. To provide an affordable quality higher education to all at all times is the functioning strength, formulating morale and formatting spirit of our college.

The College in the past fourteen years has created a niche for itself in the curricular and Extra-curricular activities. Our Institution promotes technical skills, soft skills and professional skills of the students. The students get the opportunity to explore and learn the latest technologies and get exposed to the expectation of the industry. The involvement of the students and the contribution of the faculty have uplifted the status of the students as well as institution to the greater levels. Efficient planning and extraordinary training are required by every individual student to claim her desired attitudes. In consequence, the students move towards their desired goals hopefully. Our college has been continuously striving to take education to the people who were denied the right to education and thus opportunities to develop and raise their standards of living.

The college has worked determinedly to grow professionalism among the students and has stimulated the sense of social responsibility in them. The college has made significant growth over the years in its infrastructure and facilities to cope with the changing scenario of Higher Education and modern demands in the framework of globalization.

The College has a big repository of books, journals, periodicals, rare editions, for the use of all teaching faculty members and students. All the Departments conduct seminars, conferences, workshops, guest lectures and fests for the benefit of the students. The structured induction of the student into the curriculum enables to visualize the career opportunities and the approach towards achieving them. The college has strong norms for discipline and keeps a keen eye on attendance, assignments, submissions and the like. The academic audit conducted annually by the management, promotes a healthy teaching-learning atmosphere. Research laboratory and communication skill laboratory help the students to enhance knowledge in the field of English language communication and writing skills. Participative and experiential learning are often used. Sophisticated instruments, software, hands-on trainings, field-visits, industrial visits and training, etc., are employed.

The college always adopts uniqueness in moulding the personality of the students by following its own Distinctiveness, as "Mandatory registration for internships for the students". Students took internship under the BLACK BUCKS PVT Ltd, EDUSKILLS PVT Ltd and so on. The main objective of this internship is to transform the students' community

into economically independent citizens. This is unique, because it is adopted under the principle, “Earn while you learn”.

In 2019 the Department of ECE conducted APSSDC workshop on PCB design. Students of second year B.Tech., ECE and CSE attended Cloud Computing Workshop.

Our college organized many Industrial Trips to students to fill the gap between Industry and Academics.

The students are educated with value added courses along with curriculum and they are trained to face the interviews effectively. In addition to the curriculum the students are also trained in soft skills and placement training programming from end of second year. The interviews have been arranged and informed to the students from time to time and they are supported to get placement offer in best companies.

The college has organized several women empowerment programs on ‘Women and Their Rights’, ‘Women Empowerment in India’, ‘Gender Issues in India’, ‘Women Empowerment in Rural Community’, ‘Empowering Women at Work’, ‘Economic Empowerment of Young Women’, for making them confident enough to success through the battle of life.

The institution also encourages faculties and supports them to pursue their higher studies, Conferences, Faculty Development Program. The institution encourages research and development activities and supports faculties to publish paper in journals. As a result, our faculty members have published many papers in reputed journals and conferences, IJREDT, IJSETR, IJTSR, IJASRET, OAIJSE etc.

Other important missions of the college are:

- To make quality the defining criteria of education combining self and others.
- To stimulate academic environment for promotion of quality of teaching and learning process.
- To encourage self-evaluation, accountability, autonomy for all-round development.
- To interact and collaborate with the different stakeholders for quality.

College provides excellence Education and opportunities for intellectual and emotional growth through different programs which are relevant and responsive to the needs of the rural and educationally backward society. This is our thrust area which makes us distinctive in performance of the college.
